Storm Drainage PFIP Fee: Public Facilities Implementation Program Fees (rates effective 1/1/2018, per Resolution No. R2013-31)

Development fee to pay for storm drainage pipelines and channels. This fee is charged when a parcel of land is paved over or built upon, as for a commercial development, or for each home within a subdivision as it is built. Water that would have been absorbed into the ground is now runoff that must be handled by the City's drainage system. This fee does not apply to new construction on a site that is already paved (for example, existing buildings were demolished and are being replaced).
